

# DB2 for z/OS

The screenshot shows a Mozilla Firefox browser window displaying the IBM Software - DB2 UDB for z/OS - Product Overview page. The browser's address bar shows the URL <http://www-306.ibm.com/software/data/db2/zos/index.html>. The page features the IBM logo and navigation links for Home, Products, Services & solutions, Support & downloads, and My account. The main content area is titled "DB2 Universal Database for z/OS" and includes a breadcrumb trail: Software > DB2 Information Management > DB2 Product Family > DB2 Universal Database for z/OS. The page is organized into several sections: a left sidebar with navigation links (Features and benefits, System requirements, Library, Success stories, News, How to buy, Events, Training and certification, Services, Support); an Overview section with bullet points describing the database's mission-critical nature, availability in corporate engine rooms, and performance benefits; an Editions section listing "DB2 UDB for z/OS Product Lifecycle - Updated", "DB2 Universal Database for z/OS Version 8", and "DB2 for z/OS and OS/390 Version 7"; a Tools and components section detailing "DB2 and IMS Tools", "DB2 Extenders", and "DB2 Business Intelligence"; a "We're here to help" section with contact options (Call me, E-mail us) and a phone number (877-426-3774); and a "DB2 UDB for z/OS" section with a link to the Information Roadmap and a Highlights section listing "DB2 for z/OS Information Resources" and "DB2 for z/OS Version 7 - August 2005 documentation update".

# DB2 for Linux, UNIX, Windows

The screenshot shows a Mozilla Firefox browser window displaying the IBM Software website for DB2 Universal Database for Linux, UNIX and Windows. The browser's address bar shows the URL <http://www-306.ibm.com/software/data/db2/udb/>. The page features the IBM logo and a navigation menu with links for Home, Products, Services & solutions, Support & downloads, and My account. The main content area is titled "DB2 Universal Database for Linux, UNIX and Windows" and includes a breadcrumb trail: Software > DB2 Information Management > DB2 Product Family >. The page is divided into several sections: "Overview" with bullet points on Open/flexible, Performance and Scale, Easy to Use, Cost Effective, and Foundation for information on demand; "Editions" listing various DB2 editions like Enterprise Server Edition, Workgroup Server Unlimited Edition, etc.; "Tools and components" including the HADR Option; "Related software" and "Related solutions" on the left sidebar; and "We're here to help" with contact options like "Call me", "E-mail us", and a phone number (877-426-3774) on the right. A "DB2 Information Management Software" badge is also visible.
